

# ALONE NO MORE

"BEING JESUS TO ORPHANS"

WELCOME TO OUR NEWSLETTER!

*Dear Mark and Laura!*

By God's mercy and thanks to your support our ministry to orphans in Kursk is in progress. Now it involves 40 children and teens living in two orphanages and more than 60 graduates who have studied the Christian "Flight School of Life" Course. 2 of them are now in the "Training Farm" Project.

This year the authorities of the Central Kursk orphanage learnt about the success of the "Flight School of Life" Course and offered to us to work with their graduates as well. This is God's mercy as because of the authorities' preconception there it had always been difficult to share the Gospel with the children and teens in that orphanage; this year there came another Principal there and she is gladly ready to cooperate with us.

In September we are planning to start the Spiritual & Social Adaptation Centre for 6 young girls who have studied the "Flight School of Life" Course. It's a great blessing from our Lord Jesus Christ!

From the bottom of my heart I am grateful to you for your support! The authorities of the orphanages ask us if it's possible to continue the Flight School of Life work in the next 2013/2012 study year. It's necessary to know about it right now as in case it is possible it's time to form the groups and to work at the judicial documents needed. The matter is that the Program is registered as a Spiritually-Educational Project. That is why we need to know if we will be able to cooperate with you in this new study year.

Here is the Budget of the Project for each orphanage. These Budgets are different. It depends on the different number of orphans involved, on the distance we need to travel to and on some other things. If you have some questions, I am ready to answer them without any delay.

*Christ bless you!*

*In Him,*
