

Dear friends,

I am happy to share with you about the news of our Orphanage ministry in Kursk region. During the Christmas time many Christian volunteers of the "Alone No More team" joined their forces in sharing the Gospel with the children who live without parents' love and care.

During the Christmas vacation the "Alone No More team ministry team visited 8 orphanages. Thanks to your support we managed to meet with 758 children (though we had planned that there would be 597 of them). We gave them not only wonderful gifts (Christian books, sweets and toys or table games), but also shared Good News with them. Through the dramas, puppet shows and songs, through special preaching and testimonies adapted to their age we represented the Good News about Salvation and Jesus Christ.

That was the special time, the time of the Lord's miracles! After all the trips had been planned, we learnt that there were two orphanages in the settlement of Tyotkino, the place that was located very close to the borderline with Ukraine and that nobody was going to visit them during the holidays. The matter is that this place being located close to the borderline, one needs to have some special documents to visit them there. During the holidays it is impossible to get these documents. On top of that it is very far from Kursk. The distance is 400 km round. But we also learnt that 120 children were living in those two orphanages and 50 of them were little kids who just needed to feel the atmosphere of the holiday and to get some gifts. So we prayed and decided to go there. God blessed us with finances and we managed to save some money for the gifts for every child and also for some fruit, some juice, some table games and some sledges for them. We managed to buy some additional gifts for the children of the other orphanages. It happened so that many children who were supposed to be taken home for the holidays

by their relatives stayed there and they also needed the gifts! So in the Ivanovsky orphanage there were 132 children instead of 110 ones, in the Peny orphanage there were 114 children instead of 90. And we managed to bring the additional gifts for them and also some sledges, table

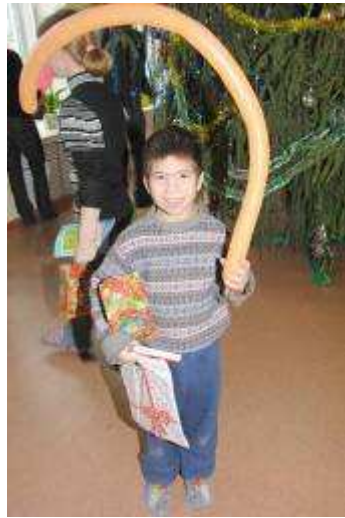

games, hockey sticks and 50 pairs of boots besides that. Praise the Lord! That was a wonderful time of fruitful fellowship and creative meetings with the children who are considered to be "losers" in the society. But we deeply believe that God's love, the power of the Holy Spirit, the love of Jesus Christ are that only remedy that is able to

heal the disease called orphanhood, the disease that breaks one's personality!

We are grateful to God for the opportunity to keep working with some orphanage graduates.

It happened so that we have one more tenant at our Training Farm. Andrey Shaihulov, an orphanage graduate spent these Christmas holidays at the Farm. He had nowhere to go and we decided to allow him to stay there. He asks to let him be included in the Project. There is very little space within the house but we hope that we will be able to place one more bed there. ☺

At last we managed to get a young horse. We called her Dakota. Now she is living in the Gypsy church Pastor's stable. In summer we are planning to bring her to our farm. That is why we don't stop constructing our farm barn even

in winter time. Now we use all our money and energy for making the roof. We have a very big prayer need. The windows in the house are very old and rotten. When it is -10C outside it is felt inside. To install 4 windows we need \$670. We don't have that amount of money. We tried our best to fix the chinks, but it does not help. They forecast that the rest of the winter is going to be severe and it makes our prayers even more passionate!

"The Flight School of Life" Project keeps working in spite of the January frosts we are having here. We teach the children Christian truths in the Central, Mokva and Ivanovsky orphanages. We are continuing our talks with the Peny orphanage authorities asking for their permission to do the "The Flight School of Life" Project there. This is the main prayer request as far as this Project is concerned.

Our special gratitude is to all who are not indifferent to the orphans and their living! We all have the power the Lord gives us for changing their life! And though we are not able to help all the orphans of Russia, at least the ones we minister to, the ones who accent Christ through the "Alone No more" Ministry, the ones who learn to be fair, honest, chaste, the ones who stop stealing and begin earning their living become the fruit of the work of the Holy Spirit and the glory for our Lord here on our sinful earth!

I am praying for our further partnership and sincerely believe that it will develop in this new 2013. Faithfully,

Ilya Fadeev, the "Alone No More" ministry leader
